

WHY INVEST IN THE OMNIS ACCESS RANGE?

EIGHT REASONS WHY THE OMNIS ACCESS FUNDS MAY BE RIGHT FOR YOU...

1. A simple range of four funds

Four investment funds designed to support different goals and comfort levels. Your adviser will recommend the right fund for you.

2. Diversified by design

Each Omnis Access fund is a ready-made solution that spreads your money across many equity and bond markets, helping keep things well-diversified.

3. Great value for money

The Ongoing Charges Figure is 0.19%, which means you pay 19 pence each year for every £100 you invest.

4. Clear risk levels

Each fund has an expected level of volatility, making it easier to match one with your investment horizon and tolerance for market uncertainty.

5. Built on L&G's expertise

Each Omnis Access fund is built using index-tracking investments from Legal & General Asset Management, giving you added confidence from the scale, experience and proven track record of a leading investment manager.

6. Always on track

Your investment is regularly monitored to keep it aligned with its intended balance of equities and bonds. Adjustments are made in the background, helping keep your investment on track as markets change.

7. Focused on your future

From planning for life after work to preparing for important milestones along the way, Omnis Access is built to support long-term growth - helping your money work for you today, tomorrow, and beyond.

8. No minimum investment

With no minimum investment required, you can begin investing with smaller amounts and top up when it suits you.

What's next

If you think an Omnis Access fund could be right for you, speak to your financial adviser. They can help assess whether it suits your needs and guide you on which fund may be most appropriate.

The value of your investment and any income from it can fall as well as rise and you may not get back the original amount invested. Past performance is not a guide to future performance.
