YOUR INVESTMENT

Omnis Managed Investments ICVC ("the Company")

The Company is an Open-Ended Investment Company (OEIC), offering funds into which you can invest. An OEIC is open ended, which means its funds grow, and more shares are created, as more people invest, and shrink as people take out their money. The value of a fund is directly related to the value of the assets in which it invests and the number of shares it issues.

The Company is authorised by the Financial Conduct Authority (FCA) and is classed as a UK UCITS.

The Company is an umbrella company, which means that additional funds can be established with the approval of the FCA. Funds are a way of combining your money with that of other investors to buy a wider range of investments, reducing risk and providing access to the services of a professional fund manager. Each fund is divided into shares, with the number of shares you hold representing your share of the fund.

Who are the Funds aimed at?

The Funds are designed to meet a wide range of investment needs and different appetites for risk. A summary of the investment objectives and policies of the Funds can be found in the relevant Key Investor Information Document ("KIID"). Further details of the Funds' investment objectives and policies can be found in the Prospectus.

What may the Funds invest in?

Each fund has a different aim and may therefore hold a different mix of investments to achieve that aim. In addition, the funds have the (limited) ability to invest in other asset types and countries, subject to the fund's investment objective and policy. Variations to a fund's investments may change over time due to, for example investment opportunities and changes in market conditions.

The Funds within the **Omnis Managed Investments ICVC** (except for the **Omnis Multi-Asset Income Fund**) will invest primarily in other collective investment schemes.

The KIID sets out the investment focus of each fund. The Prospectus sets out the investment objectives and policies in full, and it is important that you take the time to read these.

INVESTING

How do I invest?

You can buy shares through an intermediary.

When we receive your application and payment from your intermediary, we will invest in the Fund(s) you have chosen. If we receive your application before 12:00 noon, we will invest in the Fund on the same business day. If we receive your application after 12:00 noon, we will invest in the Fund on the following

business day.

We will send a confirmation to your intermediary following the investment.

What happens if I change my mind?

If you received advice from a financial adviser, and subsequently invested, you will receive a notice informing you of your right to change your mind and instructions on how to cancel. You will then have 14 days to cancel your investment.

If you decide to proceed with your cancellation, we will return your investment money. Please note that if the value of your underlying investment has changed from the time your money was originally invested in the funds, you may not receive your full money back.

How do I sell shares?

You can sell your shares by contacting your intermediary. Your intermediary will then send you a confirmation together with a renunciation form, which you will need to complete and return. We will sell your shares at the valuation point (see below) after we receive instructions from your intermediary.

Once we have received all the required documents to settle the deal, we will forward the proceeds of the sale to your intermediary, normally within three business days. Investors are entitled to redeem their shares on any dealing day.

How do you calculate the value of the shares and where can I find out my shares' value?

The value of your shares is linked directly to the value of the investments held in the Fund. We work this out at 12 noon on each business day, which is the valuation point.

The Funds only have one price at which shares can be bought and sold. Any charges we place on buying and selling will be in addition to this figure.

The previous day's dealing prices of shares in the Funds are available at www.fundlistings.com. The prices of shares can also be obtained by calling us on 0345 140 0070 during our normal business hours.

What limits apply to investment in the Fund?

The minimum initial investment for each individual fund is £10,000,000. The minimum subsequent investment and minimum ongoing holding is £35,000 for each fund. There is no minimum redemption level. Omnis does not offer regular savings or withdrawal facilities.

Accumulation and Distribution Dates

The final Accounting Date for all funds is 30th September and the Interim Accounting date is 31st March. Income Distribution and Accumulation Dates for all funds are 30th November and 31st May; although the Omnis Multi-Manager Distribution Fund and the

Omnis Multi-Asset Income Fund have additional Distribution and Accounting dates on 28th February and 31st August.

CHARGES AND EXPENSES

What are the charges involved in investing?

Full details of each of the charges, how they are calculated and when they are paid are set out in the Prospectus.

There is no Initial, Switching, Conversion or Exit Charge on any of the funds.

What expenses do the funds have?

There are other fees and expenses payable out of the scheme property of each of the Funds. Details of these can be found in the Prospectus. The total expected Ongoing Charge Figure (which includes the Omnis Annual Management Charge) is set out in the KIID.

TAXATION

Tax affects both your personal position and that of the Funds. The tax position may change in the future. If you are unsure about your tax position, you should obtain advice from a professional adviser.

Do the Funds pay tax?

The Funds do not pay capital gains tax but do pay corporation tax on interest and some other income at a rate that is equal to the basic rate of income tax.

What is my tax position if I invest in the Funds through an ISA?

When you invest through an ISA, there is no personal income tax or capital gains tax to be paid on income or gains in your ISA investment.

The value of any tax advantages will depend on your individual circumstances.

What is my tax position if I invest into the Funds directly?

The information below is a general guide based on current UK law and HMRC practice, which are subject to change. It summarises the tax position of the funds and of investors who are resident in the UK and hold shares as investments. Prospective investors who are in any doubt as to their tax position, or who may be subject to tax in a jurisdiction other than the UK, are advised to take professional advice.

You may have to pay UK capital gains tax if you sell shares or switch between funds.

Income - Equity Funds:

Funds which are so called "Equity" Funds for the purposes of tax will pay any distributable income as dividend distributions (which will be automatically retained in the Fund in the case of accumulation Shares). United Kingdom resident individuals have a tax-free dividend allowance of £2,000 and dividend distributions received up to this

amount will not be subject to UK income tax. Basic rate taxpayers will have to pay an additional amount of income tax on any dividend income received in excess of this allowance, as will higher rate taxpayers and additional rate taxpayers.

Income - Bond Funds:

Funds which are so called "Bond" Funds for the purposes of tax currently pay interest distributions. These distributions are made gross (i.e., without the deduction of basic rate income tax). A tax voucher will be supplied to Shareholders showing the total interest distribution.

If you are a higher or additional rate tax payer, you may have to pay income tax on the income you receive.
