

Omnis Japanese Equity Fund

31 March 2026

Investment objective

The Fund aims to achieve a return consisting of both income and capital growth which, after all fees and expenses, exceeds that of the FTSE World Japan TR index over a five-year rolling period.

Investment policy

The Fund intends to invest at least 80% in the equity securities of Japanese companies, defined as those which are domiciled, incorporated or have a significant exposure to Japan. The Fund may also invest in other transferable securities (for example, equity securities of other international companies), units in collective investment schemes (including exchange traded funds and schemes managed and operated by the ACD or its associates), money market instruments, warrants, cash, near cash and deposits as detailed in the Prospectus.

It is envisaged that the investment portfolio of the Fund will be concentrated, typically comprising between 65 and 85 stocks.

Derivatives may be used for the purposes of hedging and efficient portfolio management.
