

## Investment objective

The Fund aims to achieve a return, over a five-year rolling period and after all fees and expenses, consisting primarily of capital growth (and potentially a low level of income) which exceeds that of a benchmark comprised of the FTSE All Share TR (16.5%), NSCX ex Inv Trusts TR (2.5%), Russell 1000 TR (31.25%), Russell 2500 TR (11.5%), FTSE World Europe ex UK TR (16.75%), FTSE Japan TR (8%), FTSE World Asia Pacific ex Japan TR (2.25%), MSCI Daily TR Gross EM (6.25%), ICE BofA UK Gilt TR (1.5%), ICE BofA Sterling Corporate Bond TR (1%), ICE BofA Global Broad Market TR (1%) and ICE BofA Global Broad Market (GBP Hedged) TR (1.5%).

## Investment policy

It is expected that exposure to equities will typically make at least 70% of the Fund's assets. However, investments will not be confined to any particular sector. The Fund may also invest in transferable securities, money market instruments, warrants, cash, near cash and deposits as detailed in the Prospectus. At least 70% of exposure will be achieved through investment in collective investment schemes (including exchange traded funds and other schemes managed and operated by the ACD or its associates). Derivatives may be used both for investment purposes and for efficient portfolio management although such use is not expected to increase the risk profile of the fund.

## About Omnis Investments

Omnis Investments Limited is wholly owned by Openwork Holdings Limited, bringing established specialist providers together to create a tailored investment solution. It is focused on delivering maximum returns to investors for well-defined levels of risk via a series of funds. The value of investments and any income from them may go down as well as up and cannot be guaranteed.
