

Omnis Multi-Manager Adventurous Fund

B Accumulation Class - 29 August 2025

Investment objective

The Fund aims to achieve a return, over a five year rolling period, and after all fees and expenses, consisting primarily of capital growth (and potentially a low level of income) which exceeds a composite benchmark based on the FTSE All Share TR Index (40%), the Russell 1000 TR Index (15%), the MSCI Daily (ex UK) EAFE TR Index (25%), the MSCI Daily Net EM TR Index (15%) and the ICE BofA Sterling Broad Market TR Index (5%).

Investment policy

It is expected that exposure to equities will make up the majority (defined as at least 51%) of the Fund's assets. However, investments will not be confined to any particular sector.

At least 70% of exposure will be achieved through investment in collective investment schemes (including exchange traded funds and other schemes managed and operated by the ACD or its associates). The Fund may also invest in transferable securities, money market instruments, warrants, cash, near cash and deposits as detailed in the Prospectus.

Use may also be made of stock lending, temporary borrowing and cash holdings. Derivatives may also be used for the purposes of hedging and efficient portfolio management.
